SKU: NBS-RC Bush Kit

Rotator carriage pole top bush kit for rotator support

Pre-drilled mounting holes for carriage
Includes 4 x M8 fixing bolts
Can be supplied in custom powdercoated colours on special request, please note additional cost will be incurred.

SKU: NBS-RBW1200
SKU: NBS-RBW1500
SKU: NBS-RBW2500

Hand-crank brake winch and cable
545kg/ 681kg or 1135kg rated

Units include fixings for above ground base. Fixing brackets on above-ground base supplied as standard with threaded mounts (welded)

SKU: NBS-Toppulletmount

Galvanised pullet mount for NBS-RBW series hand-crank winch - 120mm diameter pulley wheel

Slides onto top of extension pole (source separately)

SKU: NBS-Rotatorcarriage
SKU: NBS-Rotatorcarriage1

Galvanised steel rotator or antenna mount 'sliding' bracket for NBS-Tiltmast extension pole - 700mm or 1.0m

Can be supplied in custom powdercoated colours on special request, please note additional cost will be incurred.

SKU: NBS-TEM

Galvanised steel fixed top equipment mount assembly - 850mm with 48mm

O.D. x 694mm pole
Requires 88.9mm SHS extension pole

SKU: NBS-2865/G

Replacement galvanised steel in-ground mount base for NBS-Tiltmast if moving above-ground assembly.

Requires concrete securing into suitable ground. (source separately)

SKU: NBS-RC Mount Kit

Rotator carriage pole mount kit for lighting/surveillance equipment or antennas

Pre-drilled mounting holes for carriage
Includes 8 x M8 fixing bolts and 1 x M8 pole locking bolt
Can be supplied in custom powdercoated colours on special request, please note additional cost will be incurred.
